

COSMOS^{3D}

The Evolution of Precast

3DCP Technology as a Driver
for Industrial Growth

Cosmos 3D Innovatech International, S.L.

The market is growing, but traditional methods have hit a ceiling.

Global Market Growth Projection.

Skilled Labor Shortage.

The Critical Need for Rapid Construction

Demand is surging. The opportunity is here.

A strategic diversification investment, not a substitution.

The implementation of 3D-printed molds redefines cost structures.

COSMOS Y: The engine of the new construction paradigm

*Click to see
Cosmos 3D technology in action*

Seamless integration: The *Cosmos Fab* concept

Cosmos Fab.

Only 390m² required.

An all-in-one compact solution:

- Printing area
- Silo and material pump system
- Storage zone
- Control unit
- Post-production space

A fully autonomous production unit that integrates into your existing facilities
without disrupting daily logistics.

Field-tested industrial throughput per work shift.

14.81

Tons of concrete
processed per day.

(Per 8-hour shift)

72 m²

of printed
double-wall per day.

(Per 8-hour shift)

**1 operator
+
1 assistant**

High labor
efficiency focused
on oversight and
quality control.

Monthly forecast: Scalable volume for rapid growth.

Proven capacity to supply large-scale residential, commercial, and infrastructure projects.

Linear scalability: Aligning investment with market growth.

The bridge between traditional solidity and the flexibility of the future.

Mold-free.

(Economic and design freedom)

Simple integration.

(Only 390 m², without interrupting your factory)

New business lines.

Strategic diversification and new revenue streams.

Transversal Transformation

Operational integration and transversal improvement across all company departments.

Four commercial integration options with Cosmos 3D

1) Machine Acquisition

In-house or third-party production. Includes installation, training, and AI platform.

2) Project-based Rental

6-month minimum. Includes installation, training, and AI platform.

3) Sale of 3D Precast

Cosmos 3D produces and supplies 3D concrete prefabricated parts.

4) Project Partnership

Joint Venture: Cosmos 3D participates via a percentage of capital/profits.

**The real bottleneck of industrialized construction isn't the technology;
it's the lack of skilled labor.**

**At Cosmos 3D, we train,
support, and certify.**

Cosmos Academy - Cosmos AI Platform - CaaS Service

Your leading partner.

We design and develop the best **3DCP** technology
to take your productivity to the next level.
